2015 30 Under 30: Art & Style

Stewart Uoo, 29
Artist

Uoo makes provocative sculptures and photographs. One dystopic mannequin seems to be dripping in translucent blue paint, her head half shaved and her hands and half of her legs missing, as though they've been ripped from her body. One photo shows a figure wrapped in black leather bondage straps, holding heavy electrical cords over her groin. He has shown in Berlin, New York, London, Copenhagen, and at the Whitney Museum.
